With this change, the transition of Web Earth to Ramboll will be fully complete, and we will from 1 February be recognised as Ramboll. With the best of the respective work methods increasingly embedded across our disciplines, our team continues to provide high quality capabilities, now enhanced by being part of the broader Ramboll organisation with more integrated services.

As this is a legal amalgamation, the contractual obligations and liabilities are automatically transferred to the surviving entity, Ramboll Pte Ltd. Consequently, any existing contracts with the amalgamating companies will be carried forward unchanged to Ramboll Pte Ltd. Legally there is no need for executing any formal contract amendments, but further documentation can be provided upon request.

Please note that there has been no change in the company's management, your point of contact in our company and the services we offer to you. Rest assured that we will continue to deliver our projects according to contractual terms and to the highest quality that you are accustomed to. In fact, we strive to raise the bar in the level of services that we offer, now that we have access to greater resources of Ramboll group.
