

To our clients and partners

Dear client

Date 16/01/2023

**Web Structures becomes Ramboll with a new office address, effective 1 February 2023**

Ramboll  
100 Amoy Street  
Singapore 069920

<https://apac.ramboll.com>

We are pleased to share that as of 1 February 2023, Web Structures (with the updated legal name Ramboll Pte Ltd) has become fully integrated under the Ramboll name and brand. With the completion of the integration, its registered office address has also changed. The team will move into this new regional headquarters in Singapore in end February together with the other Ramboll companies. Ramboll Singapore Pte Ltd will also use the new registered office address from 1<sup>st</sup> February onwards: 100 Amoy Street, Singapore 069920.

With the best of the respective work practices increasingly embedded across our disciplines, our team continues to provide high quality capabilities. This is now further enhanced by coming together as one Ramboll organisation with more integrated services.

Please note that there has been no change in the company's management, your point of contact in our company and the services we offer to you. Please rest assured we will continue to deliver our projects according to contractual terms and to the highest quality that you are accustomed to. In fact, we strive to raise the bar in the level of services we offer, now that we have access to greater resources from across the Ramboll Group.

Should you have any questions, please do not hesitate to contact us directly.

We look forward to continuing to support you in achieving your business goals.

Yours sincerely

**Jessie Tan**

**About Ramboll in Asia Pacific**

In Asia Pacific, Ramboll brings integrated expertise and experience in the built and natural environments to drive sustainable change.

Our strategy is to help clients and communities realise their goals and aspirations of a flourishing sustainable future through four unifying themes: decarbonisation for net zero, resilient societies & liveability, resource management & circular economy, and biodiversity & ecosystem.

Ramboll's diverse team draws upon our Nordic heritage and an extensive project portfolio to bring systems thinking and integrated solutions with people and sustainability at our core. As a foundation-owned company, Ramboll puts passion and the common good of our people first, thus ensuring the long-term and independent development of the company, its employees and the communities we serve.

**About Ramboll Group**

Ramboll is a global architecture, engineering and consultancy company founded in Denmark in 1945. Our 17,000 experts create sustainable solutions across Buildings, Transport, Energy, Environment & Health, Water, Management Consulting and Architecture & Landscape. Across the world, Ramboll combines local experience with a global knowledge base to create sustainable cities and societies. We combine insights with the power to drive positive change for our clients, in the form of ideas that can be realised and implemented.

We call it: Bright ideas. Sustainable change. [Ramboll.com](https://www.ramboll.com)
